Executive Overview

WE SERVE HEROES

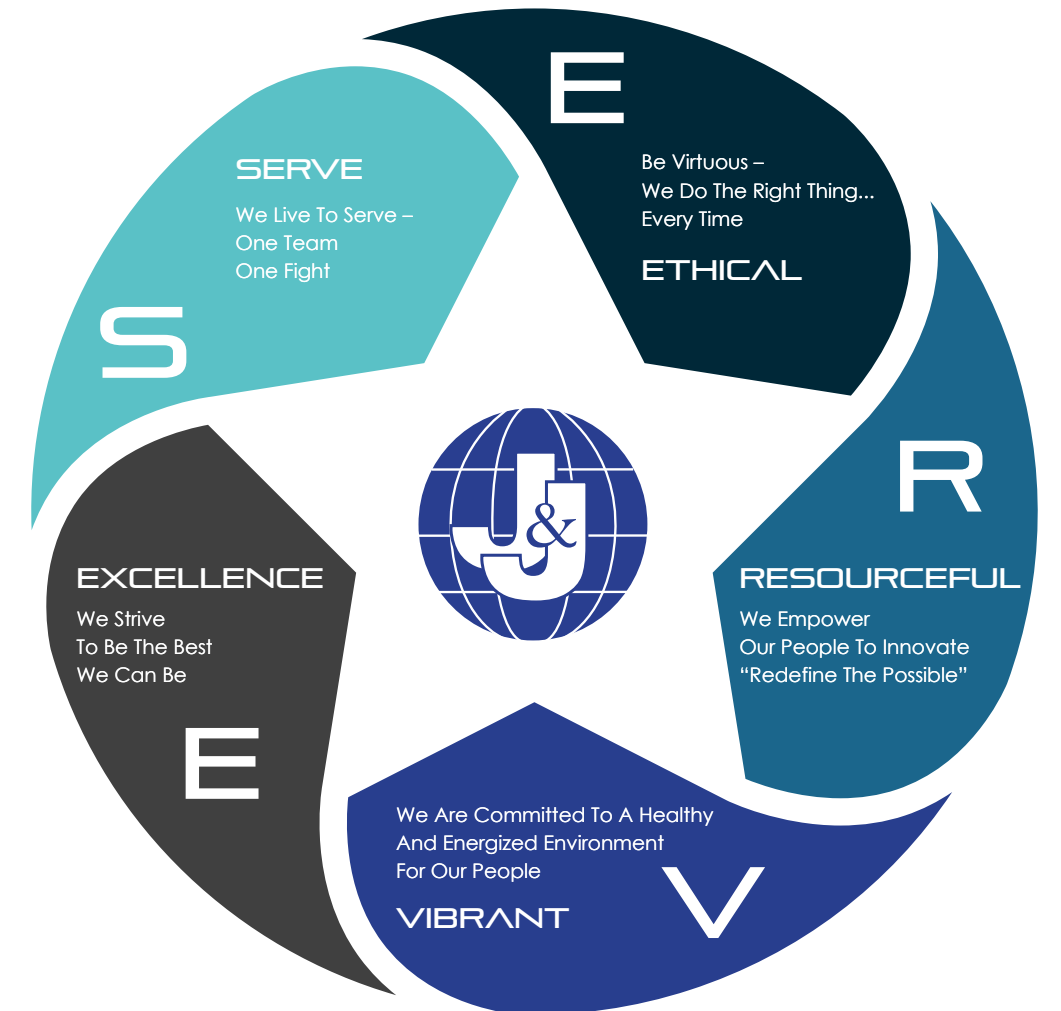

J&J provides World-Class facility services to the U.S. Federal Government and civilian customers through its **Healthcare & Medical Solutions, Mission Support Solutions**, and **Engineering Solutions** business segments. Since 1970, J&J has provided essential preventive maintenance activities in support of **critical missions worldwide.**

J&J PROVIDES SOLUTIONS TO CRITICAL MISSIONS WORLDWIDE THROUGH **STRATEGIC, OPERATIONAL, & ORGANIZATIONAL EXCELLENCE.** OUR VALUES ARE FOCUSED ON OUR COMMITMENT TO SERVE OUR NATION'S HEROES.

Core Values

10 countries where J&J is performing active operations worldwide

50+ years of experience supporting the U.S. Government since 1970

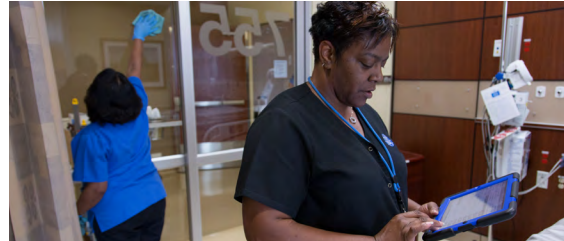

3,300 employees executing projects across 250+ hospitals, clinics, & military installations

What We Do

**OPERATIONS & BUILDING
MAINTENANCE**

J&J provides Operations & Building Maintenance at some of the most complex military medical treatment facilities around the world, which includes Brooke Army Medical Center (the DoD's only Level 1 Trauma Center) and Walter Reed National Military Medical Center (The President's Hospital).

**ENVIRONMENTAL
SERVICES**

J&J provides 24/7 Healthcare Environmental Services at facilities with over 3M+ cleanable square footage. Our priority is infection control and prevention, which includes support for one of the world's foremost medical research centers, the National Institutes of Health (NIH) Clinical Center.

**MEDICAL DEVICE
MAINTENANCE**

J&J provides Medical Device Maintenance through the U.S. Army Health Contracting Activity Health Readiness Contracting Office in support of the U.S. Army Medical Command (MEDCOM) [Approx: 37 locations] and Air Force Medical Services (AFMS) [Approx: 62 locations].

**BASE OPERATIONAL
SUPPORT SERVICES**

J&J provides Base Operational Support (BOS) Services at some of the DoD's largest military installations, which includes our nation's prestigious military service academies. We also provide routine and on-demand mission-critical facility maintenance and repair services to Defense Commissary (DeCA) sites, allocated into Maintenance Groups that reach across the U.S. as well as Alaska and Guam.

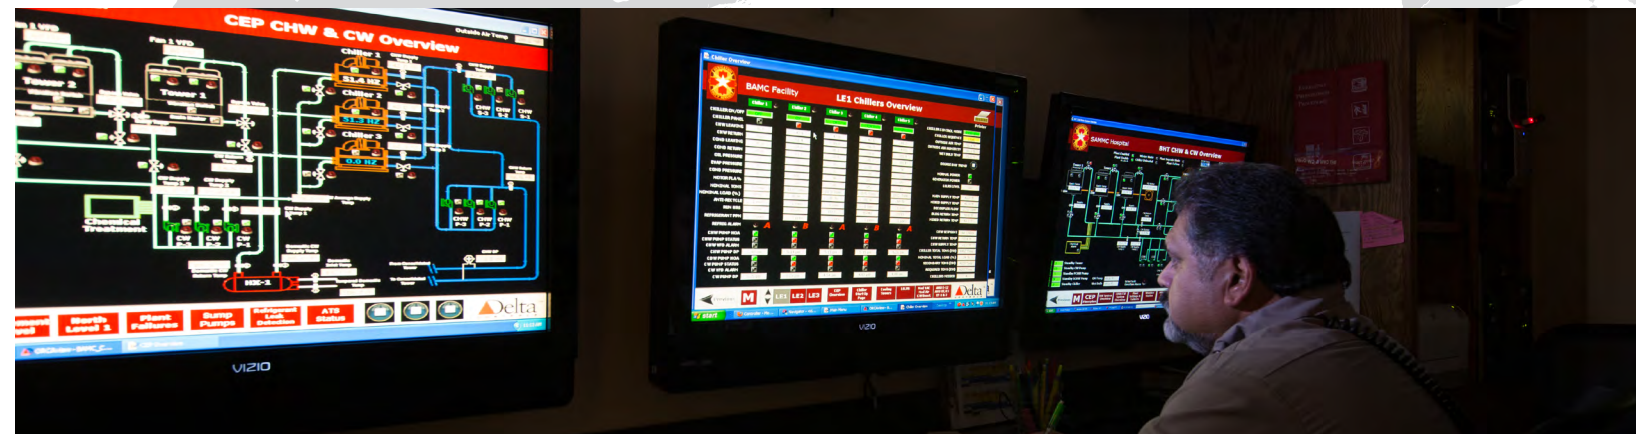

**MEDICAL & BASE
ENGINEERING SERVICES**

J&J provides Medical and Base Engineering Services focused on the latest technologies in Design, Construction, Outfitting, and Renovation throughout the U.S., Europe, and Asia-Pacific Region.

J&J delivers exceptional outcomes through innovation and commitment to excellence.

We are a company focused on serving and caring for our Heroes... one mission at a time.

Who We Serve

J&J is an experienced global government services contractor serving the United States Armed Forces and other international organizations, focusing on three market segments:

CURRENT/RECENT U.S. PARTNERS

CURRENT/RECENT INTERNATIONAL PARTNERS

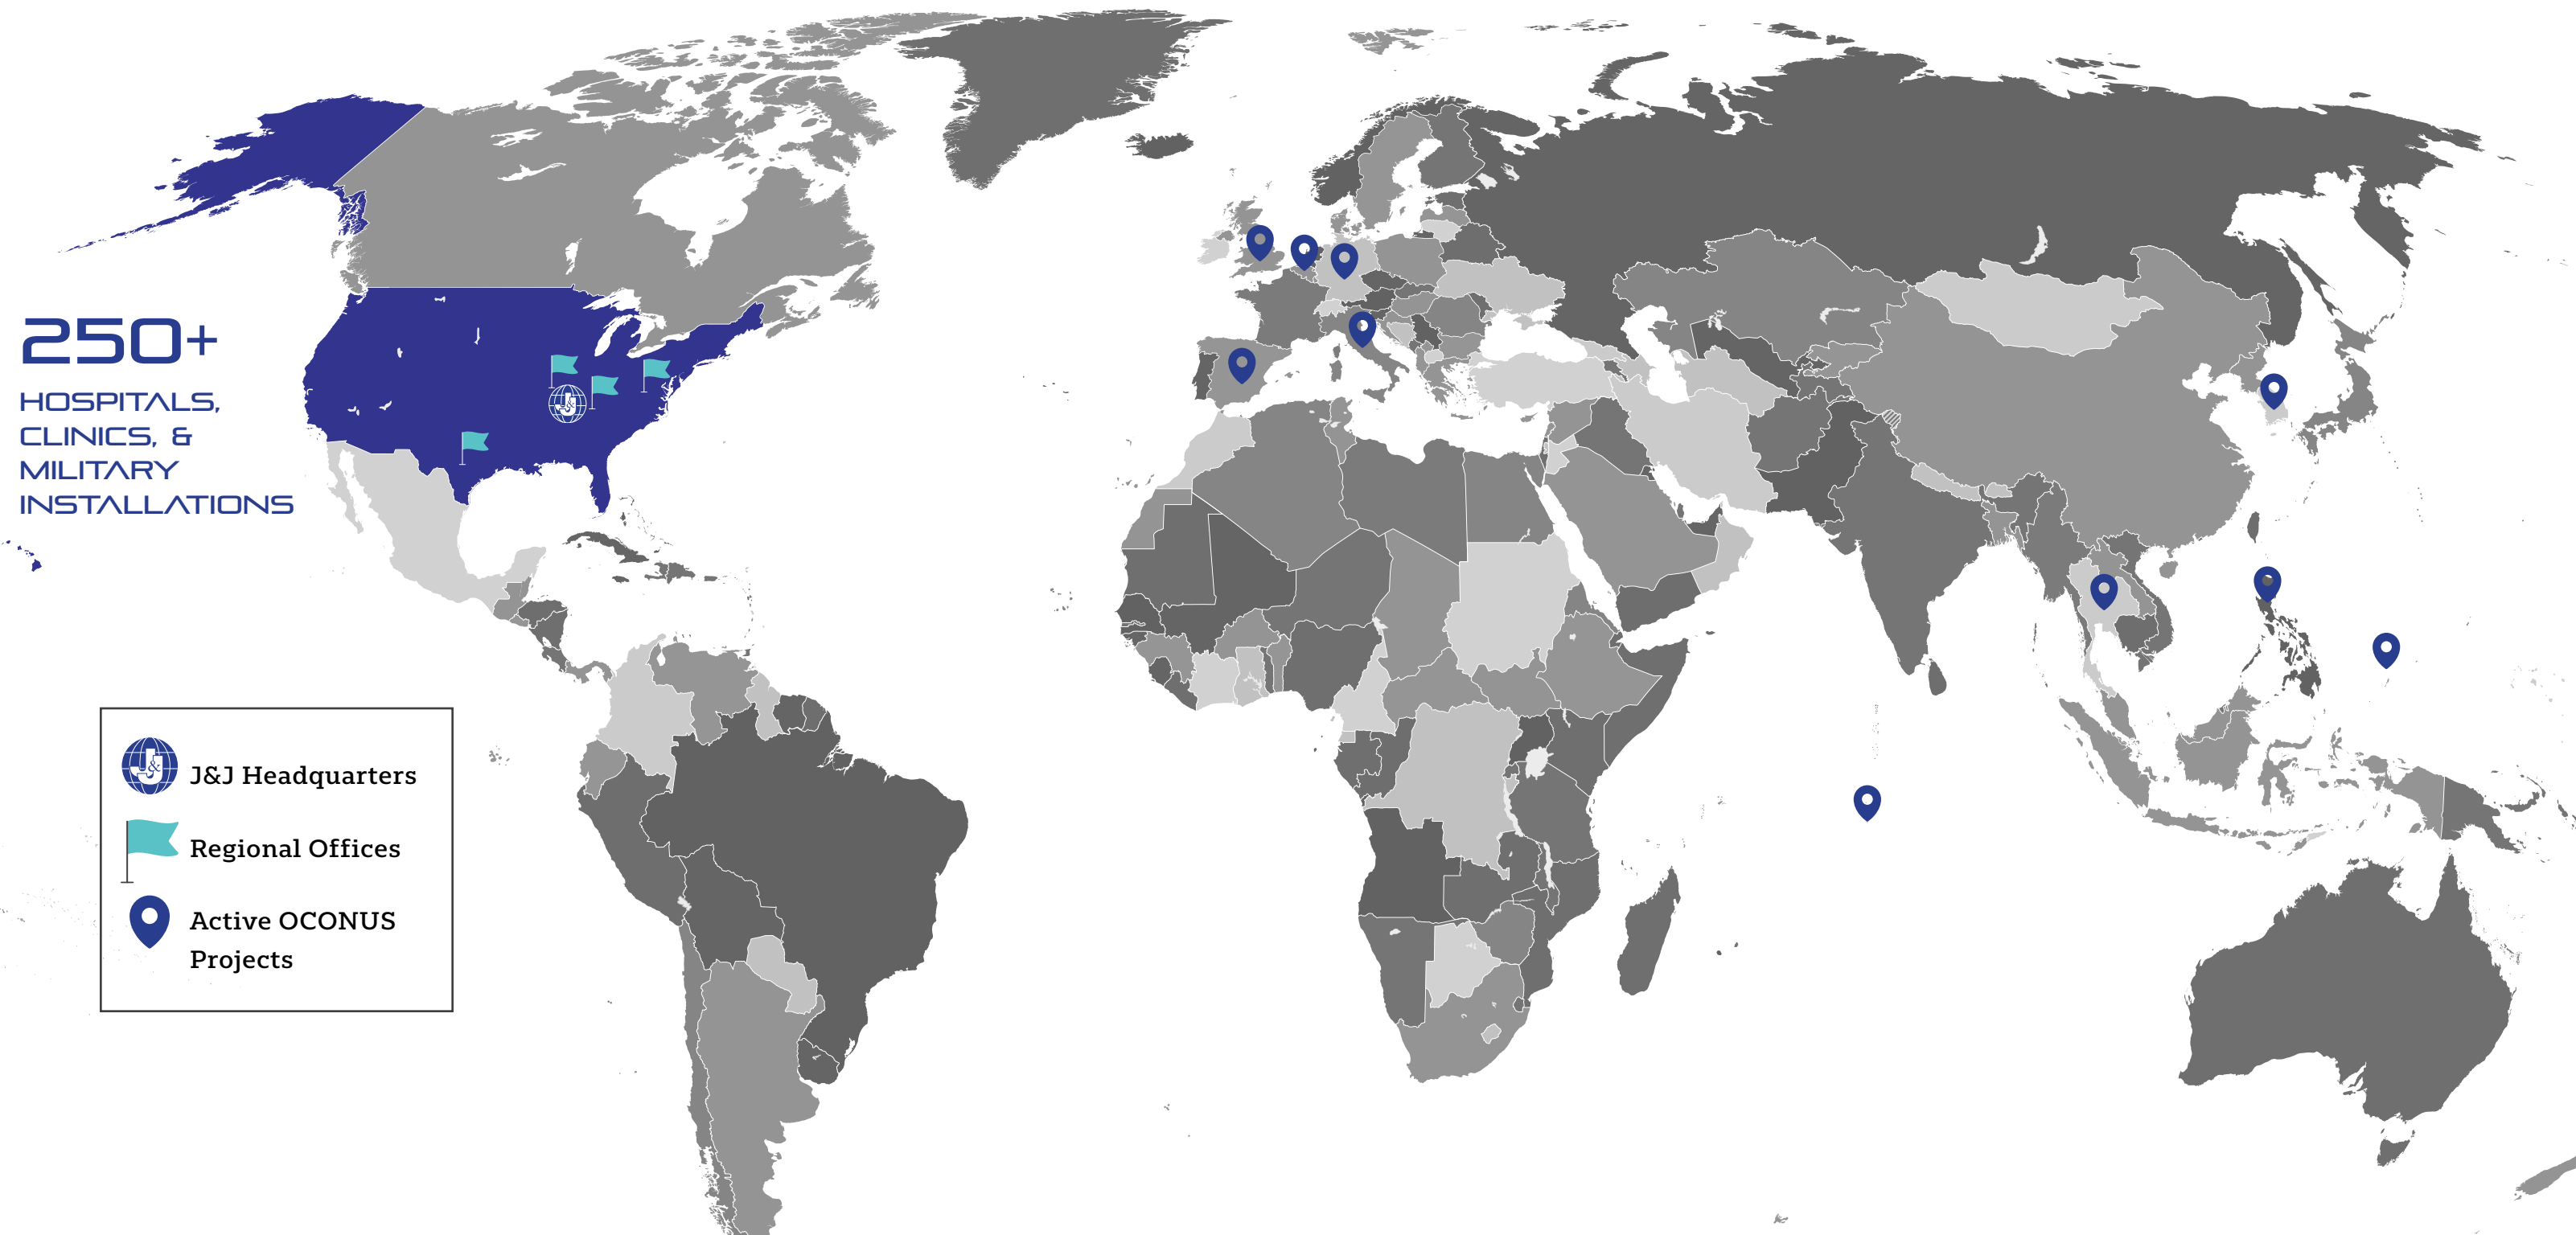

WE SERVE HEROES

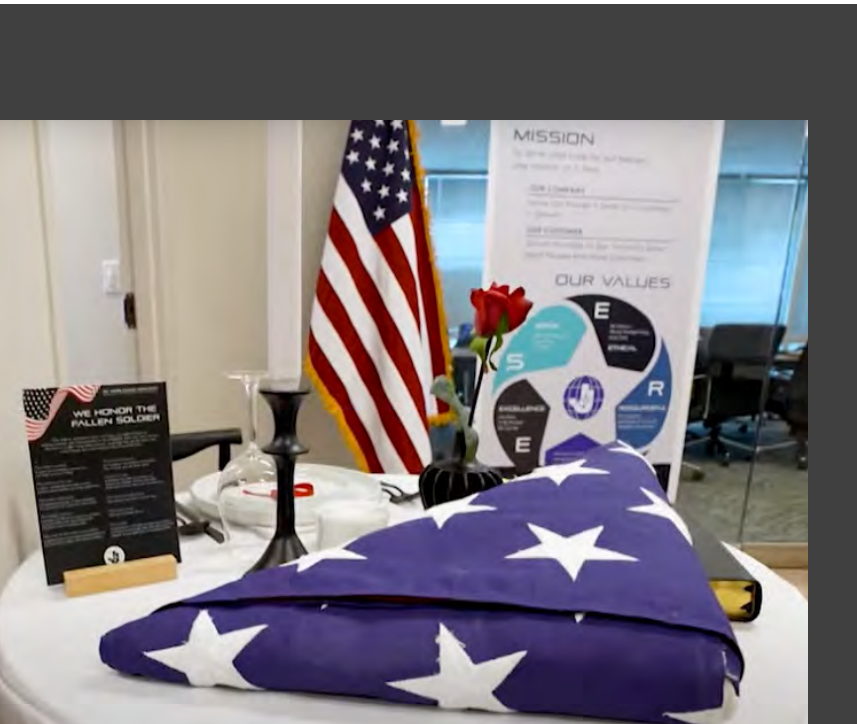

Where We Serve

Since 1970, J&J has developed a comprehensive portfolio of aseptic cleaning and maintenance services for military hospitals and clinics as well as a wide array of facility management, operational support, and integrated asset management services for DoD military bases.

J&J has built a 50-year legacy supported by a more than 3,300-employee global workforce in locations throughout the Contiguous United States (CONUS), Alaska, Hawaii, U.S. Territories and Outside of the Contiguous United States (OCONUS) (Diego Garcia, Thailand, Germany, Italy, Belgium, Spain, Philippines, United Kingdom, Guam, and South Korea).

Our Culture

J&J Worldwide Services is committed to upholding the highest ethical standards and expects all Company Personnel to act in an ethical manner at all times.

WE SERVE HEROES
We recognize our position as stewards of our customers and appreciate the fact that trust is earned and must be maintained. Our Code of Business Ethics & Conduct encourages ethical conduct in everything we do, and in everything we write or say.

WE ARE ETHICAL
We operate with the highest standards of integrity. We perform our contractual duties IAW the contract documents, all local, state, and federal codes, laws, and regulations.

WE ARE RESOURCEFUL
We value the differences as well as similarities in all of our customers, co-workers, supervisors, stakeholders, suppliers, and communities.

WE ARE VIBRANT
We are committed to providing a healthy and safe working environment for all of our Company Personnel.

WE DELIVER EXCELLENCE
J&J Worldwide Services has built its reputation on quality. Quality means more than just doing excellent work, it means doing everything to the best of our ability, and always striving to exceed the expectations of the customer.

Healthcare & Medical Solutions

Operations & Building Maintenance

We maintain **critical systems and equipment** at highly complex medical facilities in support of **24/7 operations**. We develop and implement a **Preventive Maintenance Program** to ensure proper operation, to minimize breakdowns, and to **maximize useful life**, without affecting patient care.

CAPABILITIES & EXPERTISE

- ▶ Real Property Installed Equipment (RPIE) Inventory
 - Foundations
 - Exterior Enclosure
 - Roofing
 - Interior Construction
 - Stairs
 - Conveying
 - Plumbing
 - HVAC
 - Fire Protection
 - Electrical
 - Equipment
 - Special Construction
- ▶ Predictive Maintenance
 - Reliability Centered Maintenance
 - Condition-Based Monitoring
- ▶ Preventive Maintenance (PM) Scheduled Maintenance
- ▶ Emergency Maintenance
- ▶ Corrective Maintenance (CM)/ Unscheduled Maintenance
- ▶ Service Order (SO)/Individual Job Order (IJO)
- ▶ TJC Surveys (Environment of Care/Life Safety Code Standards)

Healthcare & Medical Solutions

Environmental Services

We provide **total disinfection cleaning** with support from an experienced management team and highly-trained employees on safety and **infection prevention & control**. We are committed to keeping your facility clean, realizing what do behind the scenes is critical to providing the absolute **best in patient care**.

CAPABILITIES & EXPERTISE

- ▶ Administrative Areas
- ▶ Common Areas
- ▶ Contingency Circumstances
- ▶ Project or Periodic Cleaning
- ▶ Regulated Medical Waste
- ▶ Linen Services
- ▶ Surgical Areas
 - Operating Rooms (OR)
 - Scrub Rooms
 - Prep Rooms associated with the OR
 - Sterile Processing Department
 - Labor and Delivery (L&D)
- ▶ Patient Areas
- ▶ Restrooms
- ▶ Clinical/Support Areas

Healthcare & Medical Solutions

Medical Device Maintenance

Our team provides a **single-sourced management program** for supplementing existing Government Biomedical Equipment Maintenance Technicians (BMETs) for maintenance repairs. Our solution **bridges any service delivery gaps** created by limitations in manpower, skillsets, or parts sourcing.

CAPABILITIES & EXPERTISE

- ▶ Corrective Maintenance
 - **Level 1** = Low (EX: Defibrillator)
 - **Level 2** = Intermediate (EX: Optometry Equipment)
 - **Level 3** = Advanced (EX: X-Ray System (CT Tubes))
- ▶ Work Order Backlog
- ▶ Parts Procurement
- ▶ Access to Specialized BMET Expertise
- ▶ One-Call Access to Centralized Network of OEMs/Subcontractors
- ▶ Real-Time Work Order Management System

Mission Support Solutions

Base Operational Support (BOS) Services

We **partner with key stakeholders** to support critical mission commands who rely on quality contract services **done right the first time**. Consistently delivering resources that **sustain mission capability**, ensure quality-of-life, and enhance workforce productivity and fund personnel and **infrastructure support**.

- ▶ Facilities Support
 - Facility Management
 - Facility Investment
 - Custodial
 - Pest Control
 - Integrated Solid Waste Management
 - Grounds Maintenance & Landscaping
 - Pavement Clearance
- ▶ Utilities
- ▶ Base Support Vehicles & Equipment
- ▶ Environmental

Engineering Solutions

Medical Engineering Services & Base Engineering Services

We provide **Engineering Solutions** at some of the most complex medical centers/hospitals, Biosafety Level laboratories, and clinics around the world. We are supported by **experienced subcontractors**, providing the capability and reach to fulfill the majority of **Federal Design-Build/Design-Bid-Build** requirements anywhere the mission leads.

CAPABILITIES & EXPERTISE

► Design

► Construction

Major Features of Work

- Architectural
- Structural
- Electrical
- Mechanical (HVAC)/Plumbing
- Fire Protection
- Communications
- Transition Space
- Demolition
- Laboratory Equipment Planning
- LEED Sustainability

► Outfitting

► Renovation

Self-Performance

- Equipment Procurement
- Construction Management
- Quality Control
- Site Safety
- Infection Control
- Environmental
- Compliance
- Close-out Documentation
- O&M Binders
- LEED Registration and Administration with USGBC
